### **Background**

Chris was a founding Director of ITS in 1991, becoming Managing Director in 1997 and Executive Chair in 2018. He is focussed on building constructive relationships between the trustee board and other key stakeholders with a clear strategic objective of member benefit security as the overarching priority. Chris leads ITS's trustee appointments on a number of high-profile cases including Coats plc, Legal & General plc, National Grid plc (YouPlan) and Bayer plc. Chris's style is described by colleagues and peers alike as inclusive and collaborative. He believes that effective pension scheme management is a collegiate effort, positively encouraging active engagement from all stakeholders.

### **Key Roles**
